Pruning. Keep shears sharp, a clean cut heals faster. In a tree or shrub prune above an outside bud, this forces the branches outward, which makes an open center, thereby giving all parts sunshine. In entirely removing branches from main part cut close to and parallel with trunk, which gives nature a chance to cover the wound. Seasons to trim. October Get ready for winter by cutting out excessive fruit, berry and rose canes. November to March. Small fruits, grapes, before sap starts, hybrids and perpetuals.
April to May. Hybrid tea roses as soon as buds start. Remove all killed wood. Prune early flowering shrubs soon as through blooming. June, Keep excessive growth of grapes cut off. July, August, September. Shape and head in to keep trees and shrubs from getting out of hand. Cut water sprouts out of fruit trees in August.

Rockledge Meditations

Feb. 20, 1932. The world is white with a light fall of snow. The sky overhead is cloudless the east white & grey cloud banks & flecks on the hills. The sun is shining full and clear but the snow is not melted. Why? Should not the warm sun melt it? Why not? By a natural law it should. But by another natural law opposing it it does not. The cold winds from the Laurentides freeze the small remainders of the snow crystals and they sparkle in the sun's light and say "No" to its heat. And thus are moral analogies built good and bad.

Mark xv. 43. Joseph of Arimathea - Matt. x. 4. Judas of Kerioth. cf. Jn xiv. 24, 41. Amos II. 2. What apparent fairness there was when men gave their own name! Or was it the two name which were responsible for bringing forth fruit each after its kind? A Lot may come out of Sodom in ashes & fire ways - because Sodom ofcourse has a law as to do as Sodom. Please, please. "Or Nahor, which we brought." "And then Bethlehem" Micah II. 6 Micah v. 2. Ist Samuel and Malachi were read by the two men. But the "Sidewalks of Newport" read at Bristol as Ohio made a number of mistakes.

April 3, 1937. Last night clear and cold. At 6 Am began to snow. Little bird singing. Answered intermittently all morning from the east. In flocks of 10 flocks of birds flying by. The warbler under March and warbler came since. Deep snow a fortnight ago.

Let x ¢ = cost per dozen.

you get $\frac{24 \times 12}{x}$ eggs for 24 ¢

Future cost per dozen = $x - 2$ ¢

you get $\frac{24 \times 12}{x-2}$ for 24 ¢

Now $\frac{24 \times 12}{x} + 2 = \frac{24 \times 12}{x-2}$

$\therefore \quad 24 \times 12x - 2 \times 24 \times 12 + 2x^2 - 4x$

$= 24 \times 12x$

$\therefore \quad x^2 - 2x - 288 = 0$

$(x - 18)(x + 16) = 0$

$x = 18$ or (-16) ¢

9 ☆ could only get the answer in pence by algebra (9 & 8)

Proof. $\frac{24 \times 12}{18} + 2 = \frac{24 \times 12 + 4 \times 9}{18} = \frac{32 + 4}{2}$

To-day I thank Thee, Lord for all the love
That shapes my life against my will,
That would not let me foolish from Thee rove,
And holds me still.

I thank Thee that the school of sobering years
Quench'd the young flame of proud desire;
For Thou hast kindled, 'neath repentant tears,
A holier fire.

I thank Thee for the unsuccess of toil,
And plan, on selfish gain intent,
For Thou hast made me find a better spoil
In meek assent.

I thank Thee for the stroke that came by stealth
And took from me my earthly store;
For so my soul was weaned from earthly wealth
To seek Thee more.

I thank Thee for the blow that broke my strength,
Dismiss'd from labour, faint and lame;
For underneath Thy hand I learn'd at length
A purer aim.

I thank Thee for the hours of storm and wreck,
When right seem'd smitted to the dust;
For Thou hast taught my soul through every check
A deeper trust.

I thank Thee for the stress and agony
Of facing what I might not shun;
Now with Thee they are far more mine, and heaven
More home to faith.

I thank Thee, Lord, for every dark and pain,
For every stroke, for every cross;
For purer life is aye mine after-gain
From all my loss.

So art Thou teaching me a song I love,
By sorrow turned to deeper praise;
And I will sing it perfected above
To Thee always.

FATHERS AND BRETHREN: - For the high honour you have conferred on me in electing me to this chair I thank you from my heart. I am well aware that on the present occasion your choice has been influenced by considerations which are not of a personal character, and chiefly by the desire to indicate, at this early stage in the history of our United Church, your appreciation of the importance of her foreign mission work. To the measure of connection I have had with this work, or rather to your over-generous estimate of it, do I mainly owe the honour which has come to me. When I view it in this light, it is, indeed, greatly enhanced, for I could not covet a greater honour than to be associated with our noble band of missionaries, so as to be made the medium of conveying to them a token of your admiration, your sympathy, and your earnest desire to encourage and uphold them in their distant and lonely toil.
